Education :

B.Tech in computer science (AKTU)

ABES Engineering College

Sep 2024 – Present

CGPA-7.5

Diploma

VIET Gorakhpur

June 2023

76%

Technical Skills :

Programming languages- Java, Python, JavaScript, C#, PHP

Frameworks - React, Spring Boot, .NET

Databases - MySQL, PostgreSQL, MongoDB

Version control - Git & Github

Tools: Git, GitHub, Postman, VS Code, IntelliJ

Core Concepts: Data Structures, OOP, DBMS, Operating Systems, Computer Networks

Projects :

Automated Timetable Generator | React, Spring Boot, Genetic Algorithm

- Developed a full-stack timetable generation system to automate scheduling for institutions.
- Implemented a Genetic Algorithm to generate conflict-free timetables based on constraints like faculty availability, room allocation, and subject mapping .
- Reduced manual scheduling effort significantly by optimizing timetable generation process .
- Built an interactive frontend for timetable visualization and administrative control .

Barcode Printing Desktop Application

- Built a desktop application for generating and printing barcodes with improved workflow efficiency and optimized barcode generation logic, reducing processing complexity and improving performance .
- Designed user-friendly UI for bulk barcode generation and printing operations .

Freelance Web Development Projects

- Developed 5+ dynamic websites with admin dashboards for content and user management.
- Implemented CRUD operations and backend logic for efficient data handling.
- Improved system maintainability and scalability through structured backend design.

Achievements :

- Solved 450+ coding problems across platforms including LeetCode, CodeChef, and GeeksforGeeks.
- Achieved 2★ rating on CodeChef.
- Active participant in competitive programming contests and problem-solving challenges.

Certifications :

Programming using Java

Infosys Springboard

May 2025

Python for Data Science

NIIIT Uttar Pradesh

Extracurricular :

- Participated in hackathons and coding competitions at college and online platforms.
- Actively involved in technical learning and software development activities.
